

The SCD Cohort Study

Volunteers Needed for Research Study about Memory and Brain Changes in Older Adults!

Researchers from Massachusetts General Hospital – Charlestown Navy Yard are conducting a research study to understand the relationship between memory concerns and changes in the brain.

You may be eligible to participate if you:

- Are between the ages of 60 and 90.
- Speak English.
- Have concerns about your memory but are otherwise healthy.

This research study involves:

- 9 visits to Massachusetts General Hospital over 3 years.
- Evaluations of your memory and brain scans.
- Questionnaires you will complete at home.
- Close monitoring by clinicians.

You will receive up to \$870 for the completion of the study.
